

San Joaquin Delta College Diesel Equipment Technology Presents

The California Council on Diesel Education and Technology CARB Technician Certification for Opacity Testing for Cargo Handling Equipment

OPACITY TESTING FOR CARGO HANDLING EQUIPMENT (CCDET III):

This 4-hour course covers implementing the opacity testing for Cargo Handling Equipment (CHE). It includes the environmental and health impacts of particulate matter, smoke test regulations, requirements, and standards as they apply to CHE, SAE J1667 Snap-Acceleration Test procedures with specific variations for CHE, Opacity Test fail procedures, considerations for testing CHE with retrofitted DPFs, and an approved procedure for performing the Snap-Acceleration Test on RTG Cranes. The course includes both classroom and hands-on components.
